Older People's Council – Our Mission and Vision

We are elected to serve older people. We work to ensure that all older people in Brighton & Hove are treated with respect and dignity and have access to services, support and the opportunity to lead a fulfilling life. We are working to create a city where: the contribution of all older people is acknowledged and valued; the needs of older people are recognised and met ; and older people are involved in making decisions that affect their daily lives and the communities in which they live.

BRIGHTON & HOVE CITY COUNCIL

OLDER PEOPLE'S COUNCIL

10.15am 19 JANUARY 2016

ROOM 122, KING'S HOUSE

MINUTES

Present: Mike Bojczuk (Chair), Colin Vincent, Francis Tonks, John Eyles and Lynne Shields

Co-opted Members: Nick Goslett, Jack Hazelgrove (OPC) and Councillor Karen Barford (Labour & Co-operative Group)

PART ONE

160 PROCEDURAL BUSINESS

- 160.1 The Chair welcomed everyone to the meeting, and welcomed back Jack Hazelgrove, who had re-joined the OPC as a co-optee.
- 160.2 The Age UK representatives gave a brief update on their work, including a forthcoming breakfast meeting with Councillor Warren Morgan. They had a number of issues that they wanted to raise with him, including digital inclusion, planning for housing for older people, the Fairness Commission work and so on. OPC members commented too, raising the issue of proposed changes to bus passes.

161 MINUTES

- 161.1 There were a couple of small amendments to the previous minutes; these were agreed.
- 161.2 Matters arising - 151.6 - a group submission had been made to the Fairness Commission
154.2 a letter has been sent to Age UK with a notice asking for a volunteer.

162 ADULT SOCIAL CARE

- 162.1 Denise D'Souza, Executive Director, Adult Services, updated OPC members on what was happening in Adult Social Care in BHCC. She had already met OPC officers and was aware of a number of their concerns, so this was intended as an update on those issues.
- 162.2 The budget proposals were still being worked out, but the best estimates are that there is still going to be a £2.6 million budget gap; this does not include the impact of paying all staff and contracted staff a living wage, which would have a huge impact, especially

for care workers. In order to make sure that there is a viable care home market in the city, work has to take place to accelerate the introduction of a living wage for all staff, otherwise there is a strong chance that it will not be possible to recruit to those posts.

162.3 There has been a huge increase in demand for Deprivation of Liberty Safeguard (DOLS) assessments; there has been an increase from an average of three requests per week to 54 per week. Every one of these assessments also leads to regular reviews in the future, leading to an ever increasing work load. They are using agency staff to carry out some of these assessments.

162.4 The department is reviewing its use of technology, e.g. asking people to carry out self-assessments more. We have to trust that people can complete the assessments accurately and honestly for themselves or others, using technology as needed. The Chair commented that this might exclude people who live by themselves. Ms D'Souza said that the planned clustering of GPs would help to address this, by having a collection of GPs who could offer a range of options to help. Age UK commented that care coaches and community navigators had been employed by some of the clusters; their role would be to support the 'frequent flyer' service users including older people, who might need other support. There is also the Access Point service offered by BHCC.

Age UK commented that there was a perception amongst some older people that if you showed any vulnerability, you would be 'put into a home'. A message needs to be shared that this is not the case, and that if you do need support, it will be in your own home.

162.5 OPC members asked for an update on Tower House; there had been other options identified, had these been added into the consultation process. Ms D'Souza said that Tower House staff had been tasked to find out more information on a number of the proposals, although her initial feeling was that some of the proposals (e.g. hiring out rooms to other groups) were not viable options. There are vacancies in day services across the city; the issue isn't the lack of referrals but about giving people more choice and more local services. However they recognised the value of the friendship groups that had been formed at Tower House and this would be supported as much as possible.

162.6 Ms D' Souza was unable to give any information about the Meals on Wheels service at present but discussions were underway and the OPC would be kept updated.

162.7 Ms D'Souza gave an update on the Homecare service. 90% of this was provided through the independent sector. The 10% that the council provides is largely the re-ablement service, which is a high cost service currently, due to the way that working arrangements had evolved. This was under consideration.

162.8 Members asked how any potential precept money would be invested. Ms D'Souza said that it would be most likely to be used to fill some of the budget gaps identified to help provide adult social care across the city. The highest budget pressures came from Learning Disabilities and Mental Health services. Without the precept, the gap in funding the saving and the need to increase fees to providers to meet the national living wage –

it was important to understand ASC are not in a position to reduce any budget saving that is currently part of the saving proposal.

- 162.9 Even if funds were unlimited, Ms D'Souza would still wish to review services offered by Tower House and the Independence at Home Service amongst other services. Both services didn't represent good value for money in their current form.

163 FAIRNESS COMMISSION

- 163.1 OPC members will be attending a meeting at Leach Court on 20 January 2016 to talk to the manager about the Fairness Commission. Members are actively trying to go to as many public meetings as possible to discuss the FC work. The Chair is also going to try and arrange for another meeting via Peter Huntbach, Head of Sheltered Housing. The OPC are trying to arrange a meeting with the Youth Council but this is still to be confirmed.
- 163.2 The OPC has already made its initial submission as requested. The Chair said he would circulate what had been submitted.

The Chair reminded members that case studies would be helpful for the fuller submission.

164 BUDGET

- 164.1 The OPC has produced and circulated a press release regarding the budget; the Brighton and Hove Independent had published it. The Argus however had not published the letter regarding bus pass changes.
- 164.2 OPC members have already sent a letter to Denise D'Souza detailing their concerns on adult social care direction of travel. It was agreed to send this letter to key councillors, with some additional information as needed.

165 AGE FRIENDLY CITIES UPDATE

- 165.1 Lynne went to the AFC steering group meeting yesterday; there was discussion over whether to prioritise mental health or sexual health, but she felt that Public Health colleagues wanted to focus on sexual health.

There may be scope for mental health to be taken up by the Fairness Commission as dementia and suicide were both key issues.

166 HEDGECOCK FUND/ OPC BUDGET

- 166.1 Lynne is now OPC Treasurer but does not have much historic information about financial information for the OPC. She needs someone to liaise with in-house. The money that the OPC has (other than covering staffing support costs) needs to cover

room hire, printing costs, refreshments etc

166.2 The Chair suggested turning day to day work into projects which could then be used to seek grant funding as needed.

167 SECRETARY'S UPDATE

Budget - Press release sent to The Argus, B & H Independent & B& H News. Article by BH Independent 18/12. Letters sent to The Argus re Bus Passes but not published to date.
